LANGUAGES

- English (Fluent)
- Bangli (Native)

PROFILE

A highly motivated and self-driven MERN Stack Developer with a strong foundation in JavaScript, front-end UI/UX, and back-end API development. Looking to join a forward-thinking tech company where I can contribute to real-world projects, enhance my technical skills, and grow as a full-stack developer.

WORK EXPERIENCE

Special Qualification

Proficient in MERN stack (MongoDB, Express.js, React.js, Node.js) for building full-stack web applications.

Strong command over HTML5, CSS3, Bootstrap, Tailwind CSS, and JavaScript (ES6+) for responsive UI/UX development.

Web Developer/ Web Designer

- Motivated and skilled MERN Stack Developer with 1 year of intensive training from Creative IT Institute, focused on building dynamic, scalable, and responsive web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, with solid hands-on experience in full-stack development. Strong foundation in HTML5, CSS3, JavaScript (ES6+), and modern frameworks like Bootstrap and Tailwind CSS. Experienced in creating RESTful APIs, managing authentication with Firebase and JWT, and deploying applications on Vercel and Netlify.
- Throughout the training period, completed multiple real-life projects including e-commerce sites, portfolio websites, and admin dashboards. Gained practical knowledge in Git version control, responsive design, and clean code practices. Passionate about problem-solving, continuous learning, and working in collaborative team environments. Looking for a growth-oriented role to contribute to impactful projects using the MERN stack and modern web technologies.
